About Fotech

Fotech offers end-to-end solutions in **information and communication technologies, telecommunication, and ULV systems.**

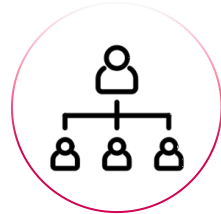

Its employees possess product/system **competency certificates** of its global vendors and internationally-accepted corporations such as **BICSI, PMI, and Uptime Institute.**

Its processes are certified by **ISO 9001** quality standards, and **Health & Safety** audits are done periodically.

SOME OF COMPANY CERTIFICATES

	EXFO Platinum Level Certified Service Center (We are 1 of the 20 centers around the world!)
	EXFO Certified Training Partner
	SUMITOMO Distributor & Service Center
	MICROSEMI Business Partner
	FLUKE NETWORKS Distributor
	COMMScope Platin Partner
	RUCKUS Business Partner
	CORNING NPI (Network of Preferred Installers)
	CISCO Premier Certified Partner
	HUAWEI Registered Partner
	DELL Registered Partner
	HPE Business Partner
	EKAHAU Turkey Reseller
	IDEAL NETWORKS Business Partner

SOME OF EMPLOYEE CERTIFICATES

	Project Management Professional (PMP, by Project Management Institute)
	Accredited Tier Designer for Data Centres (ATD)
	TesiraFORTÉ Certification Training, Audia Training for Technicians For Sound Masking Integrators
	CTS (Certified Technology Specialist) CTS-I (Certified Technology Specialist – Installer)
	Certified Data Centre Designer (CDCD)
	SYSTIMAX Design and Engineering SYSTIMAX Data Center Design and Engineering SYSTIMAX Installation and Maintenance COMMScope Enterprise Fiber Solutions, NETCONNECT ACT I, ACT II
	Certificate of Implementing CISCO IP Routing (ROUTE) Certificate of Implementing CISCO Data Centre Unified Fabric (DCUFI) CISCO Certified Network Associate Routing and Switching (CCNA)
	Aruba Products and Solution – Selling the HPE Portfolio Enterprise Networking - Network Infrastructure Master Accredited Systems Engineer - Network Infrastructure
	RUCKUS Sales – Pre Sales – Wireless – ICX Wired Portfolio Certificate
	Digital Media Certified Engineer, Designer 4K Systems Technician, Foundations of Crestron ProgrammingSmart Graphics
	AV Associate Certificate, Control Specialist Certificate
	Microwave Certificate, INTREPID Certificate

Related Products

Test and Measurement Specific Services

Repair / Maintenance

- All types of **functional tests and latest software updates** on industry's test and measurement devices by our trained and certified trainers
- All kinds of **improvement and service updates** on the devices distributed by Fotech, and specifically for Exfo, Sumitomo and Ideal Networks devices, the following services: **Maintenance, Fault Diagnosis, Repair, Part Replacement, SW Update, Test Patch Cord Change**

Real Calibration

- In our Technology Center, we do **Real Calibration** -resetting to factory settings- and **Verification** operations, using the same equipment and procedures with vendors, by our specialists trained and certified by them, on the following devices: **OTDR, OPM, PPM, FVA, Datacom, Transport, DSL, Copper**.

*The essential modules of the equipment are being calibrated by the vendors once a year at their sites, and the monitoring of our calibration activities is done by them.

Training (BICSI Credits)

- By our Exfo-trained and certified trainers: **Fiber Optic Fundamentals, OTDR, OSA, CD / PMD, CPRI, Copper Certification, SONET / SDH, OTN and G.709, Ethernet and Fiber Channel, VoIP, IMS, 2G, 3G and LTE, Data Center Technologies and Tests**

Fotech is 1 of the 20 "Exfo Certified Service Centers" around the world! With the "Platinum" –highest- level! Our technical team is being trained by Exfo periodically and provides the highest level standards of Exfo.

Since
2012!

We are the distributor and authorized service / calibration center in Turkey for:

- Exfo test and measurement devices,
- Sumitomo Electric fusion splicers and accessories,
- Ideal Networks F/O and Copper Certifiers,
- Microsemi synchronization devices

Fotech is 1 of the only 3 "Exfo Certified Training Partners" around the world!

We provide free BICSI "CEC" credits along with our training certificates!

All these services are provided in 630 sqm technology center of ours, called **fotech**[®]

Our Partners

Fotech's main objective with having these partners is to support the solutions it offers to its customers with value-added, customizable products, and help their customers to have simpler processes by being the only contact after sales.

Fotech Structured Cabling

Fotech - produced MTP/MPO fanout cables and cassettes ensure that spine cabling can be installed both quickly and in a small space in Data Center and Telecommunication structures, keeping costs to a minimum.

* Fotech is 1 of the only 20 “**EXFO Certified Service Centers**” around the world and has the **Platinum (highest) level**, and Fotech is 1 of the only 3 “**EXFO Certified Training Partners**” around the world. By this means, we can offer repair, maintenance and real calibration services by our trainers trained by Exfo.

** Fotech can offer repair/maintenance/calibration services for **Sumitomo Electric**, **Ideal Networks** and **Microsemi** products.

Test and Measurement Products (2/3)

- LTE/5G Testers
- Simulator Analyzers
- eNB Load Testers

- Renting of various Test and Measurement Devices

- "Polarization Dependent Loss Meter", "Tunable Laser Source" for testing CWDM and PON components
- Modular platforms supporting Cable Assembly Test System
- Optic Attenuators, Benchtop and Rack-Mount Switches
- Inspection Devices

Test and Measurement Products (3/3)

- Products measuring and managing light parameters containing phase, polarization, PDL and PMD effects

- Broadband/ Cable TV Solutions
- Fibre Optic Solutions
- Wireless Solutions
- ✓ 5G Portable Spectrum Analyzer
- ✓ RF Analyzer(Cable & Spectrum Analyzer)
- ✓ Signal Profiler
